

## Tips for Viewing TEAMS Demonstrations

- ♦ The link to the main page to access the demos is:  
[https://dphhs.mt.gov/sevp/teams/teams\\_tools/demos/dem](https://dphhs.mt.gov/sevp/teams/teams_tools/demos/dem)
- ♦ You will see the following screen at the beginning of each demonstration.

Throughout the TEAMS demonstrations, you will see a control bar at the bottom of each frame. You can use it to control the playback of the demo. (Note: Roll your mouse over the buttons to learn their functions.)

- ♦ The playback control is useful if you'd like to change the speed of the demo.

<u>Button</u>	<u>Tool Tip</u> (when you roll the cursor over the button)	<u>Function</u>
	REWIND	Goes back to the very first frame.
	BACK	Goes back to the previous frame.
	PLAY	Plays the demo, after it has been paused.
	PAUSE	Pauses the demo.
	FORWARD	Advances to the next frame. (This one is good for you speedy readers!)
	EXIT	Exits the demo, and closes your Internet Explorer.

- ◆ Hint on Exiting: if you want to go back to the list of demos to watch another one, use the Back button in Internet Explorer (upper left corner of your screen) instead.

- Then you can choose another demo.
- ◆ Once the demo is opened, you can use the “Full Screen” option in Internet Explorer, if desired. (To set it back to the regular size, press F11 again.)
  - Press F11 (or click on the View drop down menu, then choose Full Screen).
  - To get it back to regular size, press F11 again.
